Founder: Dr. M. A. Bashar

JBCBM Advisory Board

Prof. Dr. Abu Hassan Ahmad, University Sains Malaysia, Malaysia	Prof. Dr. Marc Jarry, IBEAS, University of PAU, France
Prof. Dr. A. R. Shakoori, University of the Punjab, Pakistan	Dr. Gerard Fabres, Rue Principale, 32160, Tasque, France
Prof. Dr. Z. N. Tahmida Begum, University of Dhaka, Bangladesh	Prof. Dr. Sankar K. Ghosh (VC) University of Kalyani, WB, India
Prof. Dr. Musharraf Hossain Mian (Ex. VC), Bangladesh Agricultural University, Bangladesh	Prof. M. A. Halim Khan (Ex. VC), BSMRKB, Bangladesh
Prof. Dr. Samiran Chakrabarti, University of Kalyani, India	Prof. Dr. Mohammed Shafi, University of Dhaka, Bangladesh
Prof. Dr. M. Nurul Islam (Ex. VC), Mawlana Bhashani S & T University, Bangladesh	Prof. Dr. Susanta Kumar Chakraborty Vidyasagar University, India
Prof. Dr. Pramod Kumar Jha, Tribhuvan University, Nepal	Prof. Dr. A. T. A. Ahmed, University of Dhaka, Bangladesh
Prof. Dr. Noor Jahan Sarker, University of Dhaka, Bangladesh	Prof. Dr. Shahadat Hossain Mondal, University of Rajshahi, Bangladesh
Prof. Dr. Yearul Kabir, University of Dhaka, Bangladesh	Prof. Dr. Ahmed Mustafa, Purdue University, Fort Wayne, USA
Dr. F. H. Ansarey, Executive Director, ACI Pvt. Ltd., Bangladesh	Prof. Dr. Mahfuzul Hoque University of Dhaka, Bangladesh
Dr. Mokhlesur Rahman, Centre for Natural Resource Studies, Bangladesh	Prof. Dr. Badrul Amin Bhuiya, University of Chittagong, Bangladesh

Editorial Board

Prof. Dr. M. A. Bashar — Editor-in-Chief

Prof. H. R. Khan — Executive Editor

Members

Prof. Dr. R. M. Shahjahan Department of Zoology, University of Dhaka	Prof. Dr. A. R. Mollah Department of Zoology, University of Dhaka
Prof. Dr. M. A. Bashar Department of Botany, University of Dhaka	Prof. Dr. M. A. A. Akhand Department of Genetic Engineering and Biotechnology, University of Dhaka
Prof. Dr. S. Hoque Department of Soil, Water & Environment, University of Dhaka	Prof. Dr. M. S. Alam Department of Zoology, University of Dhaka

Ex-officio member: Representative, BCTF

The Journal

In today's world, one of the most concerned issues to humans is the biodiversity protection. The management of biodiversity conservation is the greatest challenge for human civilization on the planet now. Unfortunately, the term is not well recognized yet to the people at its optimum use. Biodiversity is a complex concept referring to the variety of living entities on the planet in association with their surroundings. The conceptual abstract encompasses three basic components of biodiversity, namely ecosystem diversity, species diversity and genetic diversity. Biodiversity embraces proper distribution and sustainable management of bioresources, analysis of ecosystem services and assurance of conserving genetic resources. The components are inter-linked; biodiversity conservation needs conservation of the linkage through proper researches in the field. Through the integration with diverse disciplines, biodiversity carries priceless contributions in different horizons, such as poverty, food security, livestock, fisheries, forest, wildlife, transport sector, trade policy, ecotourism, human health etc. of our life. Immense implications of biodiversity in economic as well as environmental aspects are truly inevitable. When the precious values of biodiversity in various aspects often remain unjustified behind our vision and beyond our perception then bioresource key-element assessment might be performed by aiming to optimize and evaluate the efforts on researches delivered by the biodiversity researchers. An opportunity for sharing would be created through launching such a new journal to document the researches. It will promote the sharing of ideas on utilization, reliability and sustainable use of bioresources among the researchers through enhancing network and communication in a scholastic way. Focusing the aim, it stands necessary now to express towards the world about the necessity of biodiversity, value of biodiversity, protection and conservation of biodiversity. Our aim is to reach the goal by materializing the following tasks:

- *To focus researches on biodiversity, conservation of biodiversity and management of bioresources at local as well as global levels;*
- *To accommodate outcomes of researches through collaboration and cooperation among the organizations of various disciplines at national and international levels;*
- *To select key words in the field of biodiversity and bioresource management following a technique by going through the journal; examples would be stated as waste-product management, colonization, butterfly colonization, synchronization of coincidences (temporal and spatial) of biotic factors, biotic epicentre, identification of bioresources, bioresource managements, etc.;*
- *To enhance quality of writings as well as inspiring researchers to deliver their optimum efforts towards researches in the field of biodiversity and bioresource management;*
- *To encourage the researchers in the above disciplines towards the management of human resources also in the society.*

Considering the immense importance of biodiversity we intended to launch a scientific research based new journal "***Journal of Biodiversity Conservation and Bioresource Management***" as the spokesman of biodiversity. This was aimed towards the documentation of researches on biodiversity and related fields. The Biodiversity Conservation Trust Foundation (BCTF) intends to take responsibility for bringing the journal to light and we hope that it will fulfill the aspiration of biodiversity researchers. It will commence an open access for implementing strategies to publicize the research findings to the people. This shall create and raise awareness among general mass to make them 'realized' the practicality of the roles of biodiversity and bioresources in their daily life.

JBCBM deals with all plants and animals considering them as bioresources from bimodal (two ways of doing things) ideas. Firstly, plants and animals in different forms are the wealths and resources for the humans. Secondly, these are the vital tools to use as the sources to keep the environment sound on the planet. Technique-innovations on utilization of the bioresources should be the stand point of researches in the field of bioresource management. The JBCBM attempts to advance in the line. By December 2018, the JBCBM has published 8 issues in 4 volumes very successfully starting from 2015. We gratefully appreciate any kind of modifications, suggestions and support from different sources to enhance the standard and volumes of the JBCBM.

CONTENTS

Hossen, S. and M. K. Hossain - Conservation status of tree species in Himchari National Park of Cox's Bazar, Bangladesh	1
DOI: https://doi.org/10.3329/jbcm.v4i2.39842	
Das, M. B. B., B. D. Acharya, M. Saquib and M. K. Chettri - Effect of aqueous extract and compost of invasive weed <i>Ageratina adenophora</i> on seed germination and seedling growth of some crops and weeds	11
DOI: https://doi.org/10.3329/jbcm.v4i2.39843	
Idrees, M., M. Irshad, M. L. Pathak, A. Tariq and R. Naeem - Genetic diversity among asparagus species and cultivars using SSR markers	21
DOI: https://doi.org/10.3329/jbcm.v4i2.39844	
Akter, S., H. R. Khan, M. S. Hossain, M. K. Saha and F. Farzana - Response of rice grown in saline soil as influenced by the application of agricultural amendments and moisture regimes	33
DOI: https://doi.org/10.3329/jbcm.v4i2.39845	
Khatun, A., S. Shamsi and M. A. Bashir - Diversity of seed borne fungi associated with fourteen varieties of storage cotton (<i>Gossypium hirsutum</i> L.) seeds	43
DOI: https://doi.org/10.3329/jbcm.v4i2.39846	
Begum, M., M. N. Gani and M. D. Alam - Effect of textile effluent on the yield of jute leaves (<i>Corchorus capsularis</i>) in winter season	53
DOI: https://doi.org/10.3329/jbcm.v4i2.39849	
Akon, M. O. S., D. K. Datta, T. Biswas, K. Nakamura and M. K. Rahman - Influence of organic manures on the growth of diabetes preventive medicinal plant <i>Gynura procumbens</i>	61
DOI: https://doi.org/10.3329/jbcm.v4i2.39850	
Raknuzzaman, M., M. H. Al-Mamun, M. K. Ahmed, M. Tokumura and S. Masunaga - Monitoring of seasonal variation of some trace metals concentration in surface water collected from the coastal area of Bangladesh	67
DOI: https://doi.org/10.3329/jbcm.v4i2.39851	
Hossain, M. S., F. Yeasmin, M. M. Rahman, S. Akhtar and M. A. Hasnat - Role of insect visits on cucumber (<i>Cucumis sativus</i> L.) yield	81
DOI: https://doi.org/10.3329/jbcm.v4i2.39854	
Rahman, M. M., W. Parvin, N. Sultana and S. A. M. Tarek - <i>Ex-situ</i> conservation of threatened forest tree species for sustainable use of forest genetic resources in Bangladesh	89
DOI: https://doi.org/10.3329/jbcm.v4i2.39855	
Sharmin, S., S. H. Rahman, M. N. Naser and S. Hoque - Macro benthic fauna in relation to limnological variables in a migratory bird visiting lake at Jahangirnagar University, Bangladesh	99
DOI: https://doi.org/10.3329/jbcm.v4i2.39856
